PLEADS FOR A CONFAB.

Aguinaldo Has Had Enough of Hopeless, Bloody Strife.

HE SUES OTIS FOR PEACE.

The Latter Turns a Deaf Ear, as the Big Chief's Power Is Broken.

REBEL ARMY IS DISINTEGRATING

Additional Casualties to Americans in Skirmishes With Insurgent Bands Reported From Manila—Fighting Qualities of Americans a Revelation.

Washington, Feb. 8.—The war department received the following dispatch from General Otis, in command at Manila:

"Situation rapidly improving. Reconnaissance made to the south several miles to Lagunade bay, to southeast eight miles, driving straggling insurgent troops in various directions and encountering no decided opposition. Rebel army is disintegrating, and natives are returning to villages displaying white flags. Near Calococan, six miles north, enemy made a stand behind entrenchments. They were charged by Kansas troops, led by Colonel Funston. Close encounter, resulting in rout of the enemy with heavy loss. Loss to Kansas, Lieutenant Alfred killed, six men wounded.

"On the 4th, Aguinaldo issued flying proclamation charging Americans with initiative and declared war. Sunday he issued another, calling upon all to resist foreign invasion. His influence throughout this section is destroyed, and he now applies for a cessation of hostilities and conference. Have declined to answer. Insurgent expectation of rising in city on night of 4th unrealized. Provost marshal general, with admirable disposition of troops, defeated every attempt. City quiet; business resumed; natives respectful and cheerful, and fighting qualities of American troops a revelation to all inhabitants."

Applies to the Regulars.

Washington, Feb. 8.—It was said at the war department that the decision respecting the status quo in the Philippines and the restrictions imposed on American operations there also covers the question of the disbanding of the army there. There is quite a large proportion of the increase of the regular army that was mustered in "for the war," with the specific pledge that on the return of peace, these men, although regulars and mustered in nominally for three years, would be given their discharge at any time on their own request. If advantage were generally taken of this pledge by the department, it would seriously deplete the American forces in the field.

Fear the Spies.

Washington, Feb. 8.—Reverting to the policy pursued during the late war with Spain, the officials of the war and navy departments decline to offer any information for publication respecting the instructions given, or to be given, to the military and naval commanders in the Philippines. With spies in Canada, and even in Washington, with Philippine juntas in the European capitals and in Hongkong, and with malicious spirits in Europe to contend with, the departments say they will have all they can do to get news of their intentions to the American commanders in the Philippines in season to prevent the insurgents from profiting by it.

Agoncillo Deplores.

London, Feb. 8.—The Filipino junta here has received a cable from Agoncillo, the agent of Aguinaldo, dated Montreal, Feb. 7, "deploring the hostilities, which have had the effect of securing the ratification of the peace treaty." Agoncillo also says he believed the outbreak was provoked by the Americans in order to ensure the ratification of the treaty and declares that the Filipinos, "far from being the aggressors, were taken by surprise and were unprepared."

Some Wild Charges.

Montreal, Feb. 8.—Juan Luna and an unknown Filipino have arrived here. Luna said that he had simply come to visit his friend Agoncillo and refused to talk further. Agoncillo was seen and asked about his cablegram to the junta in London. He admitted that he had sent such a telegram, and intimated that they were in a position to prove that General Otis had been ordered to bring on a conflict.

Killed in Tuesday's Skirmishes.

Washington, Feb. 8.—The adjutant

general has received from General Otis the following list of killed in Tuesday's skirmishes around Manila: Twentieth Kansas, First Lieutenant Alfred C. Alfred, Private Charles E. Pratt; Fourteenth Infantry, Privates Ransom Chase, Newton Henry; First Idaho, Private Oran L. Darras; Third artillery, Private Brancy Haag. About 40 were injured.

Credit Due to the Privates.

Washington, Feb. 8.—Secretary Alger received the following cablegram from General Otis in reply to his message of congratulation: "Sincere thanks for congratulations. All credit due to hearty response of troops to orders of officers."

ABSORBED BY THE TRUST.

Eleven Cereal Companies, Including an Ohio Plant, Accept Its Proposition.

Akron, O., Feb. 8.—The stockholders of the American Cereal company accepted the proposition of the new cereal food trust for the absorption of the American and about 10 other cereal companies.

The following directors of the American Cereal company were elected: C. L. Newell, M. O. Hower, H. P. Crowell, Robert Stuart, Thomas E. Wells, J. H. Andrews, James Parmelee, Myron T. Herrick and Miner J. Allen. These directors will only serve until the new trust is in working order, 60 days.

New Incorporations.

Columbus, O., Feb. 8.—The Crehore-Squire Intelligence Transmission company, Cleveland, capital stock \$1,000,000; the Sheets Brothers Elevator company, Cleveland, capital stock \$50,000; the Richmond, Oxford, Reiley and Cincinnati Railroad company, Reiley, capital stock \$2,000; the Bailey company, Cleveland, capital stock \$65,000; the Cincinnati Barbed Wire Fence company, Cincinnati, reduction of capital stock from \$200,000 to \$100,000; the Excelsior Furniture company, New Richmond, amendment changing name to the Fridman Seating company; the American District Telegraph Company of Ohio, Columbus, increase of capital stock from \$50,000 to \$100,000.

Missed the Mails.

Cincinnati, Feb. 8.—In the United States court C. W. Moore, formerly editor and publisher of the defunct Blue Grass Blade, at Lexington, Ky., and his printer, James E. Hughes, were found guilty of misusing the mails. The specification to the charge was the sending of the Blue Grass Blade through the mails, which promulgated immoral doctrines on love and marriage.

Minister Confesses.

Piqua, O., Feb. 8.—Rev. Frank E. Vance, the pastor of the Grace Methodist Episcopal church of this city, against whom charges were preferred last week alleging that he was guilty of conduct not in accord with that of a Christian minister, has made full confession. He will probably be dismissed from the ministry.

Was an Ohio Man.

Cripple Creek, Colo., Feb. 8.—Thomas Atkins, brother of the late John Atkins of the Rocky Mountain News, died here of pneumonia, aged 59 years. He was born at Columbus, O., and was connected for over 20 years with the St. Louis Globe Democrat, and latter was an associate editor of the Rocky Mountain News.

Two Fatal Mishaps.

Massillon, O., Feb. 8.—Benjamin Peter, agent of the Cleveland, Canton and Southern Railway company at Justus, was struck by a train and instantly killed. Valentine Eckert was fatally shot by Joseph Ford at Canal Fulton. Ford was shooting at rats. He did not see Eckert until after he had fired.

Dellenbaugh's Denial.

Cleveland, Feb. 8.—Judge Frank E. Dellenbaugh was a witness in his own behalf in the disbarment proceedings against him. Judge Dellenbaugh swore that Burke did not divide fees with him and that when he heard the Manning divorce case he had no interest in it as a counsel.

End of a Spree.

Zanesville, O., Feb. 8.—Francis F. Shanley, 30, clerk at the Clay City hotel, committed suicide by shooting himself in the head with a .33-calibre revolver. He had been drinking heavily the past 10 days.

By a Fall of State.

New Pittsburg, O., Feb. 8.—Charles Bland was instantly killed by a fall of slate in the mine here. Deceased leaves a wife and 10 small children.

Coldest Ever Known.

Denver, Feb. 8.—According to the official figures of the weather bureau, the first seven days in February are the coldest ever known in Denver. The average of the lowest reading of the first seven days just past was 14.4, the coldest period being Monday of this week, when the temperature dropped to 42 below zero.

THAT PLEA FOR PEACE

Is It Made In Good Faith or Only a Device to Gain Time?

GENERAL OTIS MUST DECIDE.

McKinley and Others, Hoping It Means a Speedy Termination of Hostilities, Are Gratified by Aguinaldo's Appeal.

Washington, Feb. 8.—The plea of Aguinaldo for a peace conference is likely to be left with General Otis, and it will be for him to judge whether it is a proper offer of submission in good faith, or nothing more than a cunning device to gain time to reorganize and re-inspire the badly demoralized Filipinos.

The news conveyed by Otis was read with great gratification, as at least holding out hope of a more speedy termination of hostilities on Luzon than was expected after the first outbreak. There is no reason to believe that the president has changed his policy respecting the treatment of the Filipinos because of the battle, and it is believed that if they are content to profit by the severe lesson administered to them, he will be willing to receive them as erring children, and treat them with as great a degree of liberality as their state and a due regard for the interests of the United States and of civilization will permit.

Cubans Displeased at Gomez.

Havana, Feb. 8.—It is reported that at a secret meeting of the executive committee of the Cuban assembly it was decided that the committee will not welcome General Maximo Gomez to this city, that it will not be present when he arrives in Havana, and, further, that if General Gomez does not go before the committee and explain his reasons for accepting the propositions of Robert P. Porter, the representative of President McKinley, without consulting the committee, he will be officially notified upon the part of the committee to appear before it and explain his conduct.

Barnet's Body Exhumed.

New York, Feb. 8.—The body of Henry C. Barnet, who is alleged to have died of poisoning under circumstances that indicate a connection with the case of Mrs. Kate J. Adams, whose death from a dose of cyanide of mercury sent through the mails to H. S. Cornish is still an unsolved criminal mystery, was taken from the grave in Greenwood cemetery, where it was interred on Dec. 12, 1898. Viscera from the remains will be subjected to chemical analysis, which will require about 10 days for completion.

Son of the Bonanza King.

Kansas City, Feb. 8.—At the home of the bride's parents Miss Maude L. Fritz, daughter of Mr. and Mrs. John Fritz, and James L. Flood of San Francisco, son of the late James Flood, the bonanza king, were united in marriage. Because of illness in the Fritz family, the wedding was very quiet, but a few intimate friends being invited. The decorations were magnificent. Among many costly presents was a \$100,000 diamond necklace sent by Miss Jennie Flood, sister of the groom.

Military Convention On.

Tampa, Fla., Feb. 8.—Delegates to the military convention are arriving on all incoming trains, and the indications are that the congress called by T. Grover of Florida for the betterment of the state militia will be well attended. The convention organized in the Casino. Colonel Anderson of Governor Bloxham's staff read the governor's call. Delegates were welcomed to the state by Governor Bloxham and Mayor Bowyer to the city. Interesting papers were read.

Married Millions.

New York, Feb. 8.—Miss Lillian Esther Nevins, daughter of Thomas Nevins, the millionaire contractor of East Orange, N. J., was married to John Frederick Nestor of Detroit, Mich., in St. John's Catholic church. A sister of the bride, Miss Catherine Deering Nevins, will on Thursday become the bride of Nicholas Doyle of Wexford, Ireland.

Presidential Nominations.

Washington, Feb. 8.—The president sent the following nominations to the senate: Charles J. Bell, to be assistant treasurer of the United States at New Orleans; Penton W. Gibson, to be surveyor of the port of New Orleans; to be brigadier general, regular army, Colonel William Sinclair, Seventh artillery.

Indianapolis, Feb. 8.—Senator Turpie, who came from Washington to this city nearly four weeks ago with an attack of grip, which was followed by pneumonia, is now recovering.

DOWN TO BUSINESS.

Senate Discusses and Passes Several Measures of Importance.

Washington, Feb. 8.—A bill granting a tract of 160 acres of land to the mayor of Victor, El Paso county, Colo., at \$1.25 per acre, for city purposes, was passed at the opening of the session of the senate.

Mr. Lodge (Mass.) reported from the committee on printing a joint resolution appropriating \$4,200 for the publication of maps and texts of the surveys made last summer in Alaska by the geological survey, and asked for immediate consideration. The request precipitated a lively discussion, in which Mr. Wolcott (Colo.) criticised the appropriations for the geological survey. The resolution was adopted. Mr. Ross (Vt.) gave notice that he would ask the senate to pay its tribute to the late Senator Morrill on Feb. 22 immediately after the reading of Washington's farewell address. A bill was passed to restore pensions to soldiers who had forfeited them by enlistment in the war with Spain.

At the request of Mr. Jones (Ark.) the three vacancies on the census committee made by the absence of Senators Turpie, White and Cannon were filled by the temporary appointment of Senators Turley, Tillman and Rawlins.

Consideration of the Indian appropriation bill was then resumed.

For China's Integrity

London, Feb. 8.—The debate on the address in reply to the queen's speech at the opening of parliament was continued in the house of commons. Sir Ellis Ashmead Bartlett, Conservative, moved an amendment asking the government to take early and effective measures to assist China to maintain her territorial independence. He argued that it was the only possible policy for Great Britain. The speaker further asserted that the policy of spheres of influence meant the partition of China, and it was doubtful, in his opinion, if Great Britain would have the support of the United States in a policy of partition, whereas he believed Great Britain was assured of the support of the United States if she went in for the effective policy of maintaining China's integrity.

Company Wants the Best of It.

Chicago, Feb. 8.—Business men of this city are not disposed to grow enthusiastic over the offers made by the Chicago Telephone company in asking for an extension of the franchise of that company. The telephone company offers to pay the city as compensation the fixed sum of \$50,000 yearly, instead of the 3 per cent on its gross receipts exacted by its present charter. The average annual payment for the 11 years of the present franchise has been \$33,000. But as the gross receipts of the telephone company last year amounted to \$2,000,000, the city received \$60,000 and by getting the compensation fixed at a lump sum of \$50,000 a year the company would save \$10,000 next year at least.

Spain's New Minister.

Washington, Feb. 8.—Duke D'Arcos formerly Spanish minister to Mexico, is likely to be designated by the Madrid government as its minister to Washington to exchange the ratifications of the treaty of Paris. Duke D'Arcos would be thoroughly acceptable to the administration, not alone because of his personal ability, but on account of his alliance with an American family, the Lowrys of Connecticut. Duchess D'Arcos, who is a daughter of Archibald Lowery of Connecticut, was a society belle in Washington before her marriage.

Disaster to a Ship's Crew.

Portland, England, Feb. 8.—The British steamer Martello, from New York for Hull, passed here and signalled that her chief officer and boatswain had been killed, that a quartermaster and seaman had been drowned, and that the captain and second officer were injured, during the fearful weather while on the way here from New York. The steamer lost her boats and ventilators and was otherwise damaged.

Bribery in Japan.

Seattle, Wash., Feb. 8.—According to Oriental advices, the Japanese government is accused of wholesale bribery in connection with the recent passage of the land tax bill through the diet. A member named Koyama openly declared in the diet that he had received 4,000 yen from government agents to vote for the land bill. He made this statement just before casting his vote and then proceeded to vote against it.

Brown's New President.

Providence, Feb. 8.—Rev. James Monroe Taylor, president of Vassar college, has been unanimously elected president of the Brown university.

Quiet in Samoa.

San Francisco, Feb. 8.—The steamer Moana from Apia reports everything quiet there, and the natives awaiting the decision of the powers.

HE LACKED BACKBONE.

War Investigating Commission Will Censure Secretary Alger.

MILES ALSO. HOTLY SCORED.

His Charges Concerning Army Beef Said to Be Without Foundation, and Affording Ample Material For Summary Action.

Washington, Feb. 8.—The war investigating commission, in its report, which will soon be submitted to the president, has directly criticised the secretary of war for lack of firmness in his administration of the war department. No specific illustration of the secretary's weakness is given by the commission, but through its report the evidences of this fault of the secretary will be found, particularly in the matter of his relations with Major General Miles. The commission has determined not to dwell upon matters of strategy, and for this reason has left out all reference to the action of General Miles in going to Santiago, with the secretary's permission for him to do so, and of his dispatch to General Shafter that he was not to be supplanted in his command by the major general commanding.

It will be found that General Miles is severely criticised, and the president will find ample material, from the standpoint of the commission, to take action against the major general commanding. The commission will devote an important chapter of its report to General Miles' charges concerning the beef and meats generally furnished to the army, and will find that they are practically without foundation. It will report that the beef was not chemically prepared; that it was of good quality, and that the charges of the use of chemicals in the beef probably grew out of the fact that four quarters of experimental beef were placed on board a transport at Tampa by Mr. Powell, inventor of a preserving process, which he desired to test. This meat was thrown overboard by direction of General Wood.

Attention will be called to the fact that of the 13 officers whose reports General Miles submitted as showing that the beef supplied to the Porto Rican army was bad, not one served on that island. It will also be shown that General Miles was responsible for the selection of a number of camps at Chickamauga and Miami, and that this latter recommendation was adopted, notwithstanding the protest of the secretary of war.

According to the commission, the primary trouble lies in the defective army organization. A recommendation will be made that the inspector general's department be radically reorganized, and the report will sharply criticize General Breckinridge for abdicating his office of inspector general to accept a commission as a major general of volunteers.

The secretary of war will be cleared of responsibility for the transport horrors, but Colonel C. F. Humphreys, now on General Brooke's staff, who had charge of the fitting out of the transports, and officers of the quartermaster's department in charge of them, will be held to be responsible. The conditions which existed at Camp Thomas prior to its removal will be censured, and attention will be called to the fact that Major General Brooke was in command of the camp at the time.

Cortes and the Treaty.

Washington, Feb. 8.—The Spanish cortes several months ago authorized the queen regent to cede sovereignty over Cuba, Porto Rico, Guam and the Philippines, and the treaty did not necessarily have to be presented to the body, but Sagasta has determined to convoke the body apparently to secure a vote of confidence. It is hoped that the Madrid government will promptly settle the matter. Until the Spaniards act, the Filipinos will remain subjects of Spain.

Was a Mexican War Veteran.

Louisville, Feb. 8.—Captain Thomas H. Crawford, 78, a Mexican veteran, is dead. His death was indirectly caused by wounds which he received in the battle of Cherubusco. In that battle he received five wounds, and they gave him much trouble all his life. He was a student at the West Point academy, and graduated in the same class with General Grant.

Dewey's Thanks.

Washington, Feb. 8.—The following cablegram was received at the navy department from Admiral Dewey in acknowledgment of Secretary Long's congratulatory message: "The commander-in-chief, officers and men thank the president and the secretary of the navy for their congratulations."

EVENING BULLETIN.

ROSSER & MCCARTHY,
Proprietors.

THURSDAY, FEBRUARY 10, 1899.

INDICATIONS—Fair, continued cold to night; Friday fair, and not so cold.

JUDGE LAFFERTY, one of Cynthia's leading Democrats, has entered the race for the Legislature.

Hi, there, Br'er Duley, don't you folks up there in Fleming wear any diamonds? We see by your Assessor's books there are only thirteen in the county.

INSPECTORS have condemned 10,848 cans of army beef at Havana as unfit for food. Of course the Commissary Department and the packers of this beef will lay the trouble all on the hot climate down there.

This treaty has been ratified and there's joy in Administration circles. This is notice to the struggling patriots in the Philippines that they can have a free government whenever we get ready to grant it.

Gov. BRADLEY says the Governorship in the "most thankless position" he ever held, and he doesn't want any more of it after his present term expires. This, however, will hardly serve to lessen the number of aspirants to succeed him.

The late Senator Morrill once told a journalist that he had never asked a voter or legislator for his suffrage, and had never spent money to bring about his election. An exchange notes this as "an unusual case." Yes, very unusual, in these days of political degeneracy.

The Louisville Dispatch has been "scooping" its rivals on the war news from Manila. Its telegraphic service from the seat of war is unquestionably ahead of that of many of the other leading journals. Now if the Dispatch will quit posing as the "organ" of the Democratic party, and devote its energies to giving its readers the news, it will no doubt see better times. "Organs" are out of date. A paper can support its party without posing as an "organ."

EAGAN can thank Alger and the President for the light sentence he gets for villifying his superior officers. The court martial ordered him to be dismissed from the service, but the President overrules this and only suspends him for six years. This does not remove him from the army, nor is he deprived of the financial emoluments of his position. His full pay as an officer will continue up to the end of his term of punishment, and it is within the authority of the President to reinstate him before he reaches the age of retirement, and then retire him on the regular three-fourths pay.

The Cincinnati Enquirer and the Lexington Leader Tuesday both published the following as a dispatch from New York:

New York, February 7.—A Brussels cable to The Sun says:

A typeless newspaper has just been produced here. The compositors of the widely sold paper Petit Blue had struck. The news, accompanying sixteen pages of illustrations, was set on a typewriter. Then the single typewriter sheets and the pictures were pasted on sheets of cardboard larger than the size of the newspaper. Then the whole was reduced by photography to the actual size. A print was made from the negative on a sensitized sheet of zinc. With the aid of nitric acid type and illustrations were etched in, and the result was a complete solid form ready for the press.

This item appeared over a month ago in the BULLETIN.

The following verses were composed by the late L. B. Ruggles, of Vanceburg, about four years ago, after he had lost two grandchildren, two great grandchildren, his son and his sister-in-law by death in a few short months:

All things in this world are right,
Viewed in a proper way.
We must accept the darkest night
To enjoy the brightest day.

So never complain of what you see,
Taste, or smell, or hear,
But be you ever like the bee,
And do your work with cheer.

God, in his wisdom, brought us here:
God in his kindness takes us home:
So we, His children, should not fear,
He is only gathering up His own.

God is our Father here below,
And we His children are:
We on each other should bestow
A loving, cheerful care.

Spain's Greatest Need.

Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. If weak, tired or ailing you need it. Every bottle guaranteed; only 50 cents. Sold by J. J. Wood & Son, druggists.

WASHINGTON OPERA HOUSE.

Maysville's Handsome New Temple of Amusement to Be Dedicated This Evening.

DESCRIPTION OF THE BUILDING AND LIST OF CONTRACTORS WHO ERECTED IT.

Maysville's handsome new temple of amusement will be thrown open to the public this evening, and its formal dedication will follow during the entertainment arranged for the occasion.

Considering the new opera house from any point of view—its splendid design and arrangement within, its many conveniences and advantages over the old, and its thorough equipment in every way—one can have no regrets that the old "fire trap" fell a prey to the flames a year or so ago.

The elegant new structure that has risen out of the ashes of the old would prove a credit to any city, and no city in Kentucky of Maysville's size can boast of a better or more thoroughly equipped temple of amusement.

The new building has the same frontage as the old, and extends back that width to the stage; from the stage back it is eight feet wider. The total depth is 122 feet.

A four-foot walk on each side extends back to the stage entrance, giving easy access to that part of the building, and also to the private boxes without passing through the auditorium. There is a side entrance from the east walk to the balcony and gallery, and there are also three large exits from the auditorium to each walk for use in case of fire.

The main entrance is fifteen feet wide. The foyer extends back twenty-four feet, the floor, of handsome tiling, gradually rising to the auditorium. On the right as you enter, midway of the foyer, is the ticket office, elegantly fitted up.

As you enter the auditorium a stairway on your right, with easy flights of steps, leads up to the balcony and gallery.

The stage is 66 feet, 2 inches wide, 33 feet deep, and from the floor to the ceiling it is 64 feet. This affords abundant room for working the scenery by up-to-date methods, and gives space sufficient for most any theatrical production now before the public.

Left of the main entrance there is a room 19 feet 4 inches in width to be used by the Washington Fire Company for storing of their hose reels, ladders and other apparatus. East of the main entrance there is another room of like size, to be used as a store room, and which the company has already rented to the Singer Sewing Machine Company.

Over the main entrance and the rooms just mentioned is a handsome entertainment hall, 28 by 44 feet in dimensions, shut off from the auditorium by a solid wall and which can be used for dances, lectures, &c., and for the business meetings of the fire company. This "entertainment hall" is handsomely finished and provided with toilet rooms, "music gallery" and other conveniences.

The building is heated throughout by steam so that it will be no trouble to keep it comfortable in the coldest of weather.

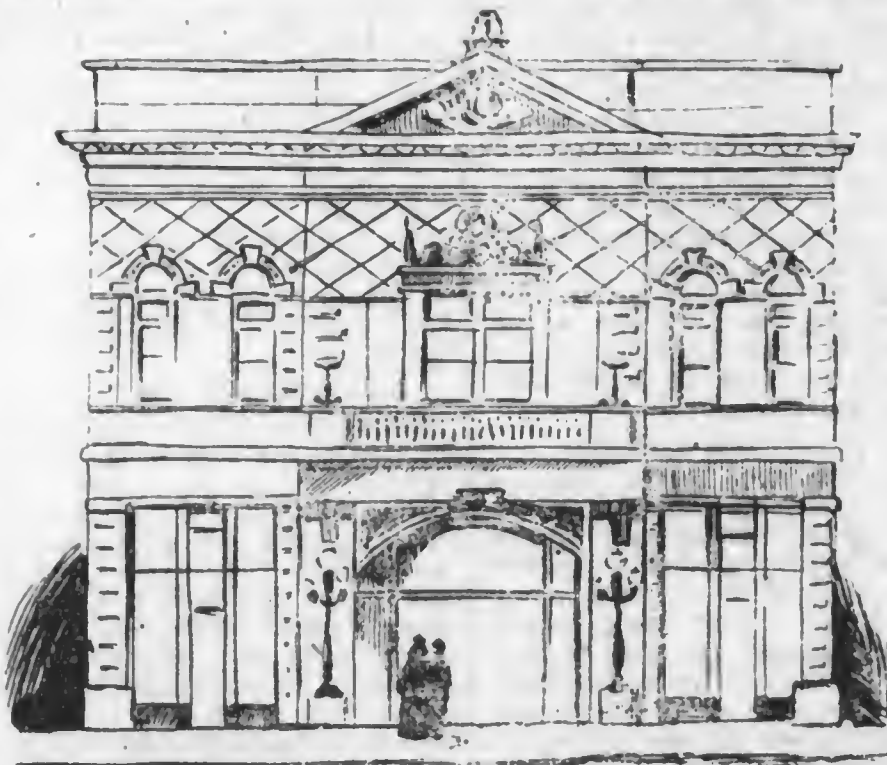

The building is arranged so that it can be lighted either with gas or electricity;

and the parquet, dress circle and balcony are provided with comfortable opera chairs. The entire seating capacity is about 1,000,—there being 450 chairs in parquet and dress circle and 250 in balcony.

It is artistically finished in attractive colors throughout and is a building that Washington Fire Company and the people of Maysville can justly feel proud of.

The work of constructing and fitting up the building was done almost entirely by home people. The foundation was put down under the supervision of the Building Committee, of which Mr. Wm. H. Cox was Chairman. Lane & Worick were the contractors for the carpentry work, J. W. Clinger and Richard Dawson for the brick work, McClanahan & Shea for the tin and galvanized iron work, Fitzgerald & Langels for the plumbing and gas fitting, Gilmore & Co. for the stone work, Lay & Hauke for the painting, frescoing and decorating, Heywood Bros. & Wakefield Co., of Chicago, for the chairs, while the scenery was furnished by Sosson & Landis, the noted scenic painters of Chicago.

The exact cost of the structure and furnishings is not known yet, but it is

A Narrow Escape.

Thankful words written by Mrs. Aila E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at J. Jas. Wood's drug store. Regular size 50c. and \$1. Guaranteed or price refunded.

MR. E. H. THOMAS.

Death Claims Another Well Known Citizen—The End Came Last Night at 9:25 O'Clock.

Mr. E. H. Thomas, whose serious illness has been mentioned, died last night at 9:25 at his home in Clifton. His health had been steadily failing for almost a year as a result of some disease of the stomach, but he continued at work until two weeks ago, since which time he had been confined to his bed.

Mr. Thomas was born on Lee street, and was sixty-nine years of age yesterday. His life was spent in this city, with the exception of a year or so when he resided at Manchester where he served as Mayor of that city. Deceased had been engaged in the shoe business most of his life and was an industrious, hard-working citizen.

His wife, who was Miss Anne Cox, survives him, with three sons and three daughters. Among the children are Mrs. Joseph Martin, of this city, Mr. Will Thomas, of Chillicothe, O., and Mr. E. H. Thomas, Jr., of Kansas City.

The funeral will occur Friday at 11 a. m. at the home, Rev. John Barbour officiating. Burial in the Maysville Cemetery.

EARTHQUAKE SHOCK

Shook Old Maysville Up This Morning About 5:20 O'Clock.

A distinct earthquake shock was felt in this city and surrounding county this morning about 5:20 o'clock.

It was so severe that some people were aroused from their slumbers.

The shock was accompanied by a rattling noise, and buildings shook as if a heavy weight had fallen on the floor.

It resembled more an explosion, and some people at first thought a cooking range or a boiler had blown up.

Coldest of the Season.

This morning was the coldest of the season to date and one of the coldest in years. The local observer reports a temperature of 11° below zero at 7 a. m. and it got colder after that hour. Other thermometers in city and county registered as low as 10° below.

CIGARETTE "FIENDS."

Those Under Fifteen Years of Age Will Have to Do Their Smoking in Private Hereafter in Cincinnati.

Cincinnati has enacted a stringent law to suppress the cigarette "fiends." It applies only to those under fifteen years of age yet it would be a good thing to extend the age limit a few years so as to make it apply to all minors. The Enquirer says: "The better class of tobacco dealers are in sympathy with the spirit of the ordinance, but the cheap dealers, who have been in the habit of breaking packs of cigarettes and selling a penny's worth at a time, are not viewing the new order of things favorably. Other cities and towns throughout the country are beginning to take notice of the Cincinnati ordinance, and papers in adjacent cities are commenting on it. Other towns may follow suit and try to curb the festive kid with the cigarette taste."

The ordinance makes it unlawful "for any person under the age of fifteen years to smoke tobacco in any form while on the streets or other public highways, or in any theater, concert hall or place of public meetings; and if any such persons under the age of fifteen years be found smoking tobacco while on any such street or highway, or while in any such theater, concert hall or other place of public meeting, it shall become the duty of the police to arrest all such persons; and on conviction thereof, such person or persons shall be fined not more than \$5 nor less than \$1, and for any subsequent offense of the same nature shall, upon conviction thereof, be fined not more than \$10 nor less than \$2, or be imprisoned not more than ten days, or both."

It shall also be unlawful "for any person or persons engaged in the business of selling tobacco to knowingly sell to any person under the age of fifteen years tobacco in any form, and any such person or persons engaged in the business of selling tobacco who shall knowingly sell tobacco in any form to any person under the age of fifteen years shall, upon conviction thereof, be fined not more than \$50 nor less than \$25, or be imprisoned not more than twenty days, or both; and it shall be the duty of the Mayor and Superintendent of Police to see that this ordinance is enforced."

Mr. PETER EDGINGTON is seriously ill with the grip at his home in the Fifth ward.

FOR SALE.—Best grades of clover and timothy seed. See our seeds and prices before buying. T. J. WINTER & Co.

Rev. S. D. DUTCHER, formerly pastor of the Christian Church, this city, has accepted a call from the church at Mexico, Mo., and will shortly enter upon his work there. His family will remain in Cincinnati until the close of school in May or June.

Extent of the Cold Wave.—Chicago, Feb. 8.—The temperature reached 15 below in Chicago. The cold wave shows no diminution of energy in the northwestern states, while there is increased rise in the central portions of the country. St. Paul reports 22 below, Bismarck N. D., 36 below and Williston, N. D., 40 below.

Developed a Blizzard.—Leadville, Colo., Feb. 8.—A snowstorm which began here Tuesday developed into a real blizzard. The high wind has filled the railroad cuts with snow and the railroads are again blockaded both east and west of Leadville.

For the Buffalo show.—Washington, Feb. 8.—The ways and means committee directed a favorable report on the bill for government participation in the Pan-American exposition on the Niagara frontier in 1901, and making an appropriation of \$500,000 for a government building and exhibit.

Halland's pen factory burned at Cincinnati. Loss, \$50,000.

Andrew Carnegie will donate to the city of Atlanta \$100,000 for a free public library.

Half million dollars was lost by the burning at Winnipeg of the magnificent Manitoba hotel.

Scottard office building at Dallas, Tex., was entirely consumed by fire, causing \$75,000 loss.

General Eagan's suspension will not prevent him from drawing his usual salary.

At Middlesborough, Ky., Mrs. Mary Williams, her son, Harvey, Jr., and two small children were drowned while fording the Clinch river.

The wheat was looking finely before this snow and this will be of great benefit to it.

Rev. M. G. BUCKNER, of Washington, officiated at the funeral of the late Glenn B. Chunn Wednesday afternoon at 2 o'clock.

BENJAMIN DAVIS, one of the oldest citizens of Indianapolis, died with the grip a few days ago. He was a great-uncle of Mrs. Prof. Kay, of Lewisburg.

HARRIETT A. LEVI, of Ashland, was the first woman in Kentucky to take advantage of the bankruptcy law. Assets placed at \$250 and liabilities at \$2,000.

A MAYSVILLIAN probably took part in the recent battles at Manila. A young man from this city, named Bradford, is a member of one of the first regiments sent to the Philippines.

The Methodist Church in Canada is inaugurating a fire insurance business to take risks only on churches and parsonages. The profits will go to the fund for superannuated ministers.

ADAMS County, Ohio, farmers are very much discouraged over the prevailing prices on tobacco. Buyers are only offering from 2 to 5 cents for the 1898 crop, which figures are below the actual cost of production.

The glory of Washington has long been in oblivion, but the consolation remains that this is the normal condition of some of her neighbors. Taylor Bros., however, will help you emerge therefrom by selling 20 pounds standard granulated sugar for \$1 and 12 packages the best coffee for \$1.

HON. WALLER SHARP, of Sharpsburg, says: "The tobacco trust has knocked 5,000 dealers and 40,000 laborers out of their jobs, and this is no longer a free country. You will see that the next national Democratic platform will contain a conspicuous plank marked in big letters, 'down with the trusts!'"

Mrs. LUTIE CARTMELL was driving into town Wednesday morning over the Lexington pike and was coming down the hill a short distance from the city limits when her horse slipped on the ice, and would have rolled down the steep bank had the animal's feet not caught in the wire fence. Mrs. Cartmell escaped unharmed.

The Lexington Daily Argonaut, which suspended publication a few months ago, will probably be revived as a free silver organ. The plant has been advertised for sale next Monday, and it is rumored that B. A. Enloe, late of the Louisville Dispatch, will assume control of the paper and publish it in the interest of the silver wing of the Democratic party in Kentucky.

The following is a comparative statement of the L. and N.'s estimated gross earnings: For the fourth week of January, \$623,645; corresponding week of last year, \$565,908; increase, \$57,737. Total for four weeks of January, \$1,896,130; corresponding period of last year, \$1,807,683; increase, \$88,447. July 1 to latest date this year, \$13,781,928; corresponding period of last year, \$12,822,406; increase, \$959,522.

"PATSY" MURPHY, of Spokane, Wash., some time ago bought 300,000 shares of the Republic gold mine, in British Columbia, at 3 cents a share, and handed the stock over to his daughter. The stock is now selling at \$1.50, and the young lady's holdings are worth \$450,000. Another Spokane man "grub-staked" some miners with \$400 to go to British Columbia, he to receive half the value of the find. He sold his half a few days since for \$250,000. They say the Republic mine will prove the richest ever worked on this continent, but they still have to wagon the ore eighty miles.

Mr. G. G. BERRY, of Kemp, Pettis Co., Mo., in renewing his subscription for the BOLLERIN to January 1st, 1900, writes: "We are having regular winter weather here in old Missouri at this time. I told you last January we were going to snow under the gold bugs and Republicans. And so we did; our county at our November election went solidly Democratic. Our Legislature has sent Cockrell back to the United States Senate during his life, and I guess Vest will die there. They are both wheel horses as well as silver men. I hope old Ky. will come out the kinks in due time."

A Valuable Dime.
There is a dime in circulation for the recovery of which a reward of 5,000 times its face value has been offered. There is a mystery about the dime that has not been explained. In fact, nothing is known by the public except what the following advertisement, appearing daily in a New York paper, tells:

Any person returning to the undersigned lost silver dime, dated 1887, and bearing the letters "L" and "G," and a certain series of numerals, and a triangular outline, will receive \$500 reward. This coin was accidentally put into circulation in New York on January 24th, 1899. It is of no especial value except to the advertiser. Any one having seen it will be paid for information leading to its recovery.

Increasing Supply of Small Arms.

Washington, Feb. 8.—Provision for increasing the supply of small arms to 2,000 stands a day undoubtedly will be made in the army appropriation bill. The matter was considered by the military committee of the house, which is framing the bill. The war department recommends an appropriation of \$350,000 for the equipment of a small arms plant at the Rock Island armory.

Burial of Colonel Sexton.

Chicago, Feb. 8.—Without unnecessary formality or pomp, the remains of the late Colonel James A. Sexton, commander-in-chief of the Grand Army, were laid at rest in Rosehill cemetery. Comrades of Columbia post conducted the services at Memorial hall and at the grave, while other posts of the city attended and assisted in the simple rites of the order.

A Foot of Snow.

Philadelphia, Feb. 8.—The snow which began falling early Sunday morning has continued with more or less regularity up to the present time, and shows little signs of a let up. About eight inches have fallen. Reports throughout the state say the storm is general, the snow in some localities being over a foot deep.

New Yorkers Have Yellow Jack.

Guanajay, Cuba, Feb. 8.—Six cases of yellow fever have developed among the soldiers belonging to the Two Hundred and Second New York regiment. Dr. Schverria, a yellow fever expert, says there is no doubt the soldiers are suffering from yellow fever, but he adds there is no likelihood of its spreading.

Signed For the Cortes.

Madrid, Feb. 8.—The queen regent has signed the decrees convoking the cortes on Feb. 20 and re-establishing the constitutional guarantees.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

MAINS FROZEN UP.

Iowa Town Completely at the Mercy of Raging Flames.

Webster City, Ia., Feb. 8.—Belmond, a town of over 2,000 inhabitants in Wright county, is burning. The thermometer is 21 below zero and a strong wind is blowing. Nothing can be done by the firemen to check the flames, as the fire plugs are frozen up. Many residents are being driven from their homes, some without sufficient clothing to keep them warm. It is useless to call for help to fight the fire from neighboring towns, for the water mains can not be thawed out.

For the Voting Machines.

Washington, Feb. 8.—In the house Mr. Corliss (R., Mich.) called up the senate bill to amend the law requiring ballots for members of congress to be written or printed so as to permit the use of machines where authorized by the laws of the state. The bill was passed 94 to 44. The house then went into committee of the whole and took up the remaining public building bills in their order.

Celebration Truly Remarkable.

Quebec, Feb. 8.—At the Isle of Orleans Pierre Pouliot celebrated his golden wedding at the parish church, and at the same time his son celebrated his silver wedding and two sons of the latter were married. The quadruple ceremony attracted an immense crowd to the church.

Consumed Several Stores.

Prairie Du Chien, Wis., Feb. 8.—Fire destroyed P. Huessen's shoe store, Buche & Nacket's grocery, Horace Beach's hardware store, Poehler's grocery, C. Greele's dry goods store and a number of smaller establishments. Loss, \$100,000; insurance light.

No Choice.

Harrisburg, Feb. 8.—The nineteenth senatorial ballot resulted: Quay, 106; Jenks, 80; Dalzell, 14; scattering, 36. No choice.
